

VISIT TO THE NAVY MUSEUM

8 DECEMBER 2018, SATURDAY

9AM TO 12PM | SINGAPORE NAVY MUSEUM

Learn more about the Singapore Navy - how it began, the challenges the early sailors experienced and overcame. Witness the evolution of our Navy warships as you come into close contact with the marine weapons and other equipment used throughout the Navy's history.

Registration starts at 8.30am
at Kent Ridge Guild House lobby

Navy Museum is located at
112 Tanah Merah Coast Road
(Inside Changi Naval Base)

For registration and enquiries, please

About

Learning Journey: Visit to the Navy Museum

Find out more about what makes the Republic of Singapore Navy a modern and integrated maritime fighting force - the naval platforms it possesses and the arsenal that they pack. The young and the young at heart can try their hands at taking out simulated enemy targets with the weapons that the Navy possesses, navigate a ship through the busy Singapore Strait, steer a submarine underwater, or get a glimpse of what it is like to be a commanding officer of a frigate.

The people in our "Navy Family" have been the driving force of the Navy's achievements. See what they wear, the ties they have forged with their foreign counterparts and experience through their eyes the operations that that the Navy participates in. From the protection of our own shores and waters, they have also contributed towards numerous overseas operations such as providing humanitarian assistance during the disastrous Tsunami that hit Aceh, Indonesia in 2004 and countering piracy in the Gulf of Aden since 2009.

For more information on the Navy Museum, click [here](#).

Learning Objectives

The visit to the Navy Museum allows participants to discover more about the Singapore Navy – how it began, the challenges the early sailors experienced and overcame. Participants will be able to learn and appreciate the important role the Singapore Armed Forces (Navy Service) play in the defence of the nation.
