Welcome new members

- Good evening and welcome to New Members' Night. This evening brings back fond memories with the Society where I have built and enjoyed everlasting friendships. It has been a privilege and I am delighted that many more will savour this wonderful experience. On this note, please join me to extend a very warm welcome to our new members into the NUSS family.

Society's Mission

- The primary mission of the Society has always been, "To foster a lifelong relationship with NUS and the wider graduate community."
- While we actively cater to the recreational aspect of the club, we also serve to promote intellectual discourse through a multitude of dialogues and talks with renowned speakers, ambassadors, ministers and professors.
- In addition, we encourage our graduates to give back to the society through our various community outreach programmes.
- Just through the NUS Alumni Bursary Fund alone, we have provided assistance to many undergraduates who come from financially challenged backgrounds and helped them secure a deserving education at NUS.
- With this two-pronged approach, we hope to provide a holistic and enriching experience for our members at NUSS.

Club's Facilities, Benefits and Events

- I would like to encourage our new members to get involved and participate actively in the extensive range of events, activities and benefits that the Society has available.
- Our restaurants featuring a wide selection of Asian and Western cuisine are also great venues for your family gatherings and celebrations.

Thank you

- I hope that you will have a fun and fulfilling experience here at NUSS as much as I have and I look forward to meeting more of you in the course of the evening.
- Ladies and gentlemen, once again, please join me to warmly welcome the new members of NUSS.
